## Our Offering

- Parent-Child-Group offerings in different social areas
- Clarifying, attendance and support in the early childhood education
- Preparation on the crossing to the institutional rule system
- Translation offerings through language mediator are possible

## Our Goals

- Approaching families, where the way to an early childhood education is a big barrier
- Reduction and minimization of access barriers
- Enabling separation behaviour in a safe condition
- Participation of the families through regular attendance
- Deepening german language skills
- Getting to know the rules and rituals as well as the own strength
- Accurately fitting mediation to early childhood education offerings
